

Signing On Master and Handing Over Command

PY SMM/vl/crew/004 – Signing On Master and Handing Over Command

1. Overview

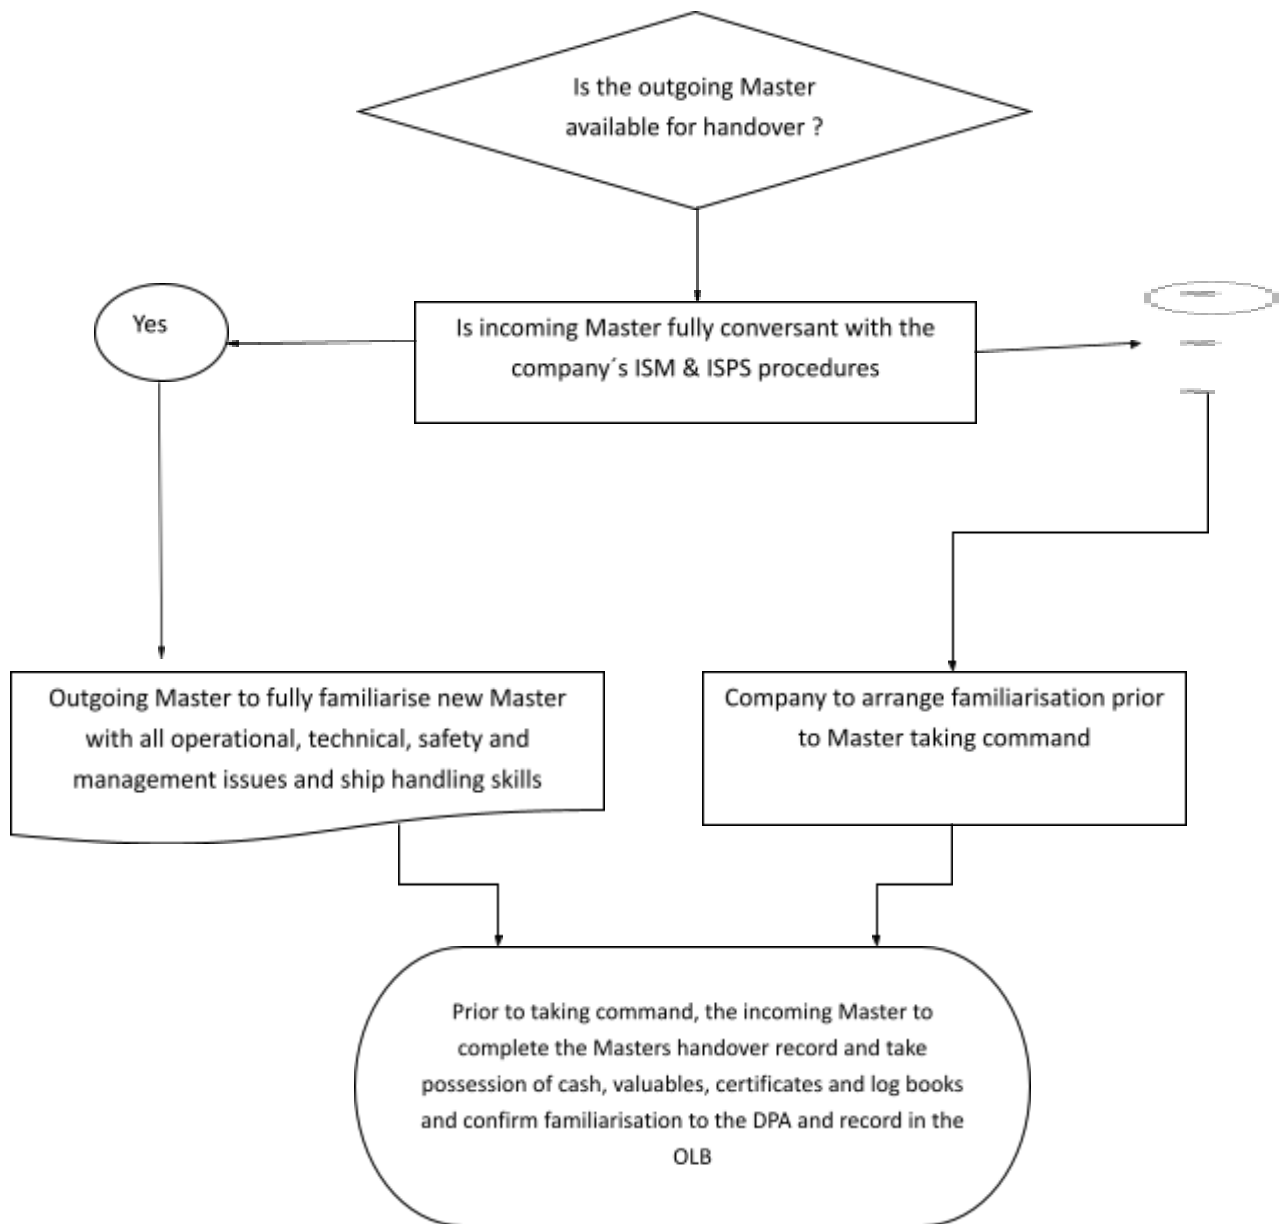

- 1.1 There are regulatory, safety, security and personnel issues connected with recruitment and signing on new crew and particular legal and safety issues connected with the signing on of a Master.
- 1.2 It is important therefore to follow a simple procedure which satisfies all the above issues.
- 1.3 Crew documentation and procedures will be under increased scrutiny in the current security environment and failure to follow the procedure may result in delay or detention of the yacht
- 1.4 Copies of the relevant certificates and documents detailed in Annex 1 & 2 must be sent to the crew administrator by email prior to taking command

2. Scope

- 2.1 This procedure should be followed by all Masters.
